Dear Referring Provider,

It is our understanding that the patient is insured by an insurance we do not participate with.

Fortunately, most insurance companies that we do not participate with will extend an out of network authorization. You must call the insurance provider service and ask for an *out of network authorization*. You must point out that they are coming to us because of their diagnosis & that there are no providers in the network that are able to handle a case as complex as theirs. The insurance provider will ask for clinical records from the referring doctor's office to support the given diagnosis.

The insurance provider will need to approve some preliminary CPT codes for the patient's initial visit and diagnostic testing. Please request the following CPT codes:

- 99245 Office Consultation
- 99205 Office Consultation for *Medicaid or Medicare Advantage*
- 76510 Ultrasound (Need approval for both eyes.)
- 76513 Anterior Segment Ultrasound (Needs approval for both eyes.)
- 92250 Fundus Photography
- 92235 Fluorescein Angiography
- 92240 Indocyanine Green (ICG) Angiography
- 92242 Fluorescein & Indocyanine Green Angiography Combination, Posterior Segment
- 92287 Fluorescein Angiography, Anterior Segment
- 92201 Ophthalmoscopy
- 92285 Slit Lamp
- 92134 Scanning Computerized Ophthalmic Diagnostic Imaging
- 92132 Scanning Computerized Ophthalmic Diagnostic Imaging, Anterior Segment
- 92083 Visual Field Exam

Authorizations/Referrals must be made out to: *Shields and Shields, PC* (not Wills Eye)

***ALL OUT-OF-STATE MEDICAID INSURANCES MUST HAVE AN
OUT OF NETWORK AUTHORIZATION & A SINGLE CASE AGREEMENT***

Our Tax ID #232025203 | Our Group NPI #1063501526

If you have any questions please contact our authorization specialists at (215)928-3105
